WELCOME TO TRIZfest-2016

The main theme –
TRIZ and Quality in Design and Manufacturing

Dear colleagues!

The TRIZfest-2016 takes place on July 28-30 in Beijing, People's Republic of China. The TRIZfest-2016 is very special for TRIZ community because this year we celebrate Altshuller's 90th birthday and 60 years of TRIZ development.

The conference is co-organized by CAQ, China Association for Quality.
We are very fortunate to receive the support from such prominent Chinese organization.

The Organizing Committee is now being formed. The currently appointed members are:

The Organizing Committee Co-Chairs:

Dr. Duan Yonggang, Secretary General of China Association for Quality
Dr. Mark Barkan, TRIZ Master, MATRIZ Executive Director.

The Organizing Committee members:

Ms. Lilin Wang –Director of International Exchange Department of CAQ

Mr. Valeri Souchkov, TRIZ Master – Chairman of the Papers Review Committee;

Dr. Yuri Fedosov, TRIZ Master – Treasurer;

Dr. Simon Litvin, TRIZ Master – Chairman of the TRIZ Master Certification Council (TMCC);

Dr. Yongwei Sun, Shenhua Group– MATRIZ VP and Presidium member, Chinese representative

On July 27th *TRIZfest-2016* participants will have an opportunity to attend one or two of the following tutorials:

1. Dr. Sergei Ikoenko, TRIZ Master – “Patent Circumvention”. Sergei is one of the world leaders in this field. His tutorials on this subject are usually met with a lot of enthusiasm.
2. Dr. Simon Litvin, TRIZ Master – “MPV Identification”. In many instances, the direction for innovation process is not obvious. Simon will discuss a methodology, which enables clear understanding of the best direction for innovation development.
3. Valeri Souchkov, TRIZ Master – “TRIZ for Business application”. While classical TRIZ addresses technical systems exclusively, by now, TRIZ tools helped with resolving many undesirable business situations. This tutorial addresses application of TRIZ for resolving business issues.
4. Valeriy Prushinskiy, TRIZ Master – “Hybridization of Alternative Systems”. Hybridization of Alternative Systems is an analytical tool for improvement of the Base Engineering System by transferring relevant features from an Alternative Engineering System.
5. Dr. Mark Barkan, TRIZ Master – “How to succeed in the 21st Century”. This interactive tutorial addresses the skills that are required for succeeding in the 21st Century and how to develop these skills.
6. Dr. Yongwei Sun, Level 4 TRIZ Specialist – Introduction to TRIZ. Conducted in Chinese language, this tutorial is a must for everyone, who wants to understand if TRIZ is something they want to learn.

The conference program includes a Plenary Sessions, to commemorate Altshuller’s 90th birthday. Time permitting, there will be Round Table discussions on the subjects of Quality and TRIZ introduction into companies around the world. Speeches by key-note speakers, scientific and practical papers presentations, case studies, and a session of the TRIZ Master Certification Council, where the public defense of the thesis for certification as TRIZ Master takes place. On the morning of July 31, we will visit NICE (National Institute of Clean and low-carbon Energy), Shenhua Group. NICE is the TRIZ and DFSS Benchmark recognized by Chinese government. We will learn from the promoting strategies and best practices on NICE campus.

Our hosts are making every effort to select high quality accommodations at a low cost. The conference will be served with English/Chinese and Chinese/English synchronous translation of the conference activities. The conference schedule should allow enough time for work, social activities and getting familiar with Beijing – we are confident you will enjoy the city.

Below please find a schedule of participation fees:

	Conference only	Preconference tutorial only	Conference + tutorial discount	Early discount (pay by June 15)	bird or CAQ member discount	MATRIZ certified expert or CAQ member discount
Overseas attendees	\$600	\$160	- \$50	- \$50	- \$50	- \$50
